Subject: Newsletter

Hi all,

Welcome to the New Year. We trust that 2010 sees you well and ready to rise to the challenges and grab the opportunities that present themselves.

During the Christmas/New Year period we quite often navel gaze and make resolutions to try to improve our lot in life, finance or business. Now is the time to implement those rough plans and make things happen.

At the half way mark of the financial year it is a good time to review our progress for the year. Have sales gone up as desired? Have we repaid extra amounts into the mortgage or other loans? Are our investments performing adequately? If there was a new year's resolution to start a savings plan, has that direct debit to the savings account been set up?

If you have answered no to any of the above questions there is no time like the present to make changes.

For any assistance with your business, personal finances, investments and setting up office systems please call or email our office. Make now the time your circumstances have changed for the better.
